SUMMARY

Software Engineering student at the African Leadership University specializing in full-stack web development. Skilled in building responsive, user-friendly applications using modern technologies such as Html,Css JavaScript, React, Node.js, Express, and MongoDB. Passionate about solving real-world problems through clean, efficient code and eager to contribute to dynamic development teams. Strong foundation in software engineering principles, with hands-on experience from internships and personal projects.

EDUCATIONAL BACKGROUND

AFRICAN LEADERSHIP UNIVERSITY – Kigali, Rwanda

January 2023 – December 2025

Bachelor's degree in Software Engineering

Relevant Coursework: frontend,backend and mobile development

PROFESSIONAL WORK EXPERIENCE

Web Development Intern

Toast Group – Kigali, Rwanda

May 2023 – September 2023

Mentored trainees in foundational web development concepts and tools.

Supported the creation of simple web applications for educational purposes.

Participant – Back-end Development Program

SheCanCode Program – Kigali, Rwanda

February 2024 – May 2024

Gained hands-on experience in back-end technologies including Node.js, Express, MongoDB, and Swagger.

Built and documented RESTful APIs through real-world projects and collaborative teamwork.

Back-end Developer Intern

Kitech Company – Kigali, Rwanda

May 2024 – September 2024 (Expected)

Developing and maintaining server-side logic for scalable web applications.

Collaborating with front-end teams to implement and optimize API integrations.

Software Engineer Apprentice

Umurava Talent Company – Kigali, Rwanda

October 2024 – February 2025

Contributed to internal web application development and debugging tasks.

Participated in agile sprints and peer code reviews to deliver quality software.

CERTIFICATION

Web development Short Course: Toast group

May2023-September2023

Rwanda.

- Mentored trainees in foundational web development concepts and tools.
- Supported the creation of simple web applications for educational purposes..

Backend Development

May 2024 – September 2023

- Developing and maintaining server-side logic for scalable web applications.
- Collaborating with front-end teams to implement and optimize API integrations.

TECH SKILLS

Category

Skills

Languages	JavaScript (ES6+), Python, Dart, HTML5, CSS3, SQL, JSON
Backend Development	Node.js, Express.js, Django, Django REST Framework MongoDB, PostgreSQL, REST API Design, Swagger JWT, OAuth, MVC Architecture
Frontend Development	HTML, CSS, JavaScript (Vanilla), Responsive Design, WebFlow, Reactjs, Nextjs DOM Manipulation, Forms, Validation
Mobile Development	Flutter, Dart, State Management (Provider/setState), REST API Integration Cross-platform Apps (iOS & Android), Mobile UI/UX
Tools & Platforms	Git & GitHub, Postman, WebFlow, WordPress VS Code, PyCharm, Android Studio, npm/yarn, CLI
Deployment & DevOps	Heroku, Render, Vercel, .env Config, Basic DNS/Hosting Knowledge
Methodologies	Agile, Code Reviews, Debugging, Unit Testing, Pair Programming

SOFT SKILLS

- Clear and effective communication
- Project coordination & report writing
- Active listening & empathy
- Creative brainstorming & ideation
- Team collaboration & time management
- Analytical thinking & problem-solving

INTERESTS/HOBBIES

- UI/UX Design & Front-End Development
- Data Science
- Creative Writing and Blogging
- Gym & Swimming
- Culinary Arts & Painting

LANGUAGES

- English- Advanced
- Deutsch- Intermediate
- French- Intermediate
- Kinyarwanda- Native
